Public transportations (boat and bus) are only a few minutes' walk away from the hotel, the car parking's are directly in front of the house.

### The Hotel

Our 3\*\*\* hotel has 19 double rooms. Almost all rooms have a private balcony and lake view. In the morning you can enjoy your breakfast from our buffet with many regional products, which is included in the room price.

### The Restaurant

The focus of our cuisine is on the careful selection of the products, where aspects such as quality and rationality stand on first priority. We aspire to bring the experiences we have gained into the dishes and to adapt our cuisine to the region. We attach importance to high quality raw materials and we resign, whenever possible, convenience food. In the Hotel-Restaurant Schönbühl we dare to interpret a traditional cuisine in our own new way. Discover the new cooking techniques and international influences in our menu. Let us spoil you with our culinary offer.
